## Guideline for DG Exemption and Material Safety Data Sheet (MSDS) Verification

Please follow the below checkpoints before submitting the MSDS and related documents for verification:

- 1) The MSDS must be in PDF format with either manufacturer or booking party's company chop is required on MSDS and issued within 5 years
- 2) Test Report (if required as per IMDG code) must be in PDF format certified by Laboratory
- 3) Test certificate for sea transport (Sea Certificate) should be issued by China National Accreditation Service. For Recognized Test Center, please visit via below link:  
<https://las.cnas.org.cn/LAS/publish/externalQueryIB.jsp>
- 4) The MSDS must include "Product Name", "Transport Information" and "Composition / Information on Ingredients" sections
- 5) The MSDS should clearly declare whether the commodity is regulated by IMDG Code or not
- 6) Section numbers in the MSDS should be in sequential order
- 7) Non-Dangerous Commodity (Exempted) Declaration which is required for each and every shipment. Please submit together with your booking number and the MSDS to [hk.msds@one-line.com](mailto:hk.msds@one-line.com)  
[<Non-DG \(Exempted\) Declaration Form> can be found at this link](#)
- 8) Please note that it is shipper's responsibility to identify and declare his cargo as DG or Non-DG
