## Celebrating One Year since the Establishment of our Inland Container Yard in Bando City, Ibaraki Prefecture

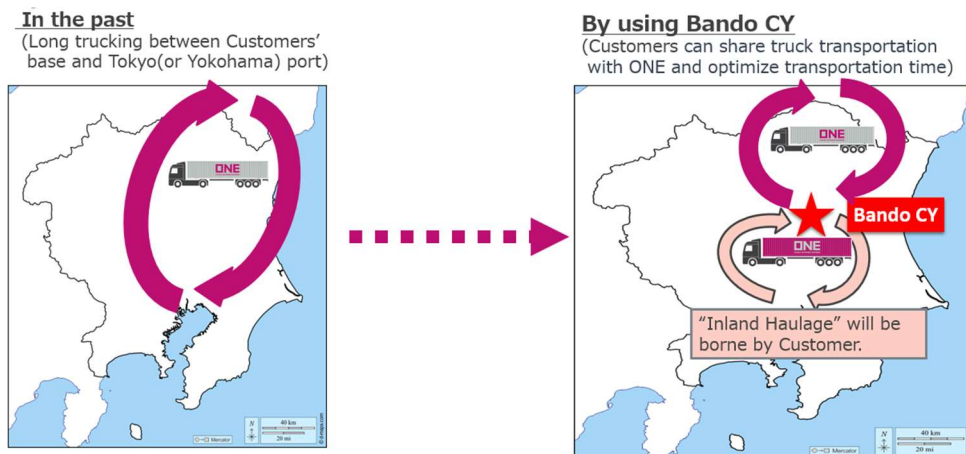

-Resumption of Import Campaign Rates to Bando CY from August –

Dear Valued Customer,

We are pleased to inform you that Ocean Network Express Japan will soon celebrate its first year since the establishment of our inland container yard, Bando CY, located in Bando City, Ibaraki Prefecture. Taking this opportunity, we have decided to reinstate the import campaign rates from Tokyo Port to Bando CY starting in August.

By utilizing Bando CY, significant optimization of travel time and distance can be achieved for round trips between Tokyo CY and Bando CY. We anticipate that it will not only serve as a convenient hub for customers in the Bando City area but also for customers in the northern, eastern regions of the Kanto area and Tohoku area. Furthermore, we believe that this initiative will contribute to resolving various logistics challenges such as the Logistics 2024 problem, reducing CO2 emissions and environmental impacts, and alleviating congestion at major ports.

For trucking companies and customers, the benefits of utilizing Bando CY can be visualized through the movement of trucks, as illustrated below:

If you have any further questions or concerns, please do not hesitate to contact our sales representative. Please note that the campaign rates are scheduled to end on December 31st of this year.

Yours faithfully,  
Ocean Network Express Pte. Ltd.
